COUNTY FUNDS RECEIVED:

The list below represents the funds the City receives from the County:

Non-Ad Valorem

These funds represent the receivables for the City garbage service, which is currently provided by Waste Management (contract expires 12/2021). Currently, the monthly fee per home (unit) is \$292.96.

Ad Valorem

Per Orange County's Tax Collector:

Ad valorem taxes are based on value placed on real property. These taxes are collected on an annual basis beginning November 1st for the tax year January through December. The Property Appraiser establishes the value of the property.

The main source of revenues for the City comes from Ad Valorem Revenues.

Rolled Back/Roll Back Rate - That millage rate which, when multiplied times the tax roll, exclusive of new construction added to that tax roll, would yield the same amount of revenue for the taxing authority as was yielded by the millage rate levied in the previous year. In normal circumstances, as the tax roll rises by virtue of reassessment, the rolled back rate will be slightly lower than the previous year's millage levy. This reduced rate multiplied by the value of the new construction/annexations added to the roll during the year provides the only source of additional tax revenue if the rolled back rate is levied.

Tangible Personal Property Taxes

Tangible Personal Property Taxes are an ad valorem tax assessed against furniture, fixtures and equipment located in businesses and rental property. It also applies to structural additions to mobile homes.

Fines & Forfeitures

The City has the following funds:

Fines & Forfeitures (GF)
Fines & Forfeitures (2 nd Dollar) These funds are used for police training and education.
LETF Income (Seizure Account)
*Red Light Citations

- *\$70 shall be remitted by the county or municipality to the Department of Revenue for deposit into the General Revenue Fund
- \$10 shall be remitted to the Department of Revenue for deposit into the Department of Health Emergency Medical Services Trust Fund
- \$3 shall be remitted to the Department of Revenue for deposit into the Brain and Spinal Cord Injury Trust Fund
- \$75 shall be retained by the county or municipality enforcing the ordinance enacted pursuant to this section.

Business Tax Receipts (BTR)

In addition to the BTRs the City issues, business owners are also required to obtain a BTR from the County. In April 2015, Council approved a 5% increase; the first rate increase since 2007.

<u>Description</u>	<u>2007 Rate</u>	<u>5% Increase</u>
Home Business	\$ 37.80	\$ 39.69
Commercial Business	\$ 93.45	\$ 98.12

Interest

The City also receives interest on garbage and tax receipts from the County.

Franchise Fees

A fee assessed on a business, usually a public utility, in return for its exclusive right to operate inside the city limits.

The City of Edgewood has granted franchises for electric, gas and solid waste services. An agreement between the city and a provider of public services imparts certain standards on the provider and is a contract which requires payments to the City.

¹ These funds (\$75.00) are used in supporting administrative, operational and legal fees associated with the City's red light camera program.

EXPLANATION OF REVENUES

An explanation of the various funds is provided as follows:

Explanation of Funds

Under the Generally Accepted Accounting Principles (GAAP), there are eleven funds; five of which are governmental. Generally, governmental funds account for activities financed through taxes, intergovernmental revenues, and other non-exchange revenues. Please note the following funds:

General Fund (GF): The general fund is the chief operating fund of a local government. GAAP prescribes that the general fund be used “to account for all financial resources except those required to be accounted for in another fund.” All general tax revenues and other receipts that are not located by law or contractual agreement to another fund are accounted for in this fund. From this fund are paid the general operating expenditures, the fixed charges, and the capital improvement costs that are not paid through other funds. The City’s General Fund is fund 001.

Special Revenue Funds: These are funds that account for certain revenues raised for a specific purpose. This is generally due to legal requirements, financial administration, or GAAP requirements. The City of Edgewood uses special revenue funds for Police Education (004), Police Impact Fees (003), Fire Impact Fees 0(07), and Law Enforcement Trust Fund (Seizure Account) (006).

STATE FUNDS RECEIVED:

Local Option Fuel Tax: Chapter 336, Section 0.25, Florida Statutes authorizes the levy a local option fuel tax on motor fuel and diesel fuel for purposes of construction of new roads, the reconstruction or resurfacing of existing paved roads, or the paving of existing graded roads, not including routine maintenance of roads.

Revenue Sharing Gas Tax: Chapter 206, Section 206.605, Florida Statutes authorizes a municipal revenue sharing program administered by the Department of Revenue (DOR). The program includes receipts of the 1¢ municipal tax on motor fuel for purposes of funding the purchase of transportation facilities and road and street right-of-way; construction, reconstruction, and maintenance of roads, streets, bicycle paths, and pedestrian pathways; adjustment of city-owned utilities as required by road and street construction; and construction, reconstruction, transportation related public safety activities, maintenance, and operation of transportation facilities. The funds are distributed monthly to eligible municipal governments.
